## Profile Summary

A passionate and detail-oriented UI/UX Designer with a strong understanding of user-centered design, wireframing, prototyping, and visual design using Figma. Skilled in transforming ideas into intuitive, accessible, and visually consistent interfaces. I enjoy solving problems through research, user flows, and usability principles. Currently seeking an entry-level UI/UX position where I can contribute meaningful designs and continue learning.

## Education

### Bachelor of Engineering in Computer Science

Francis Xavier Engineering College | Tirunelveli | Tamil Nadu | June 2020 - April 2024

### UX/UI Design Certification

Space Zee Technologies | Chennai | Tamil Nadu | June 2024 - August 2024

### Full Stack Web Development Course

Space Zee Technologies | Chennai | Tamil Nadu | February 2025 - March 2025

## Experience

### Freelance UI/UX Designer — Marantrix | Remote | 2024

Designed responsive mobile apps and websites, delivering user-friendly and visually appealing designs aligned with client goals.

Responsibilities included user research, wireframing, prototyping, and visual branding using tools like Figma

- **Technical Skills:** HTML | CSS | Responsive Design | Basic React & WordPress
- **Soft Skills:** Communication | Attention to Detail | Adaptability | Teamwork

## Projects

### Wavacation — Hotel Booking Platform [Wavacation.com](#)

Tools: WordPress, Figma

Designed and built a responsive hotel booking website with clean navigation, booking flow, and property discovery structure.

Improved user journey with simple search and booking workflow.

### Tyre App — Automotive E-Commerce App

Tools: Figma (UI/UX Design & Logo Design)

Designed an app allowing users to browse automotive products, compare items, and book services.

Created the UI system, icon styling, and structured user flows for smooth onboarding and checkout.

### Apartment Management App

Tools: Figma | kiro ai

Designed a mobile app for digital apartment management with two roles: Resident and Security/Admin.

Included visitor tracking, parcel updates, bill payments, maintenance requests, and notifications for seamless communication.
